[secretariageneral@somamfyc.com](mailto:secretariageneral@somamfyc.com) or [manuela@somamfyc.com](mailto:manuela@somamfyc.com)

#### **ABSTRACT**

##### *DEADLINE*

Deadline for application is February 27<sup>th</sup>, 2021 if you decide to participate both in the Virtual Conference and the Congress; March 21<sup>th</sup>, 2021 if you decide just to take part in the Virtual Conference

##### *MODALITIES*

#### ● **INVESTIGATION REPORT**

Original investigation reports which have not been published previously in any congress/journal will be accepted (no restrictions considering the subject/theme of the investigation).

The following structure must be followed:

**Methods:** main goal of the study, structure (scope/context, material and methods, statistical analysis if applicable, measurements), results and conclusion.

#### ● **CLINICAL CASE REPORT**

Original clinical cases (no restrictions considering the subject) which have not been published previously in any congress/journal will be accepted. Those which approach Primary Care clinical cases or relevant themes for Family doctors/nurses will be prioritized.

The following structure must be followed:

Place/context (specify: Primary care, Emergency room, or both), structure (introduction, reason for consultation, personal medical/familiar history, current illness, physical examination, medical tests), development (differential diagnosis, diagnosis) and conclusion/discussion.

- **EXPERIENCES REPORT**

Experiences such as (exchanges, external internships, community projects) that have not been published previously in any congress/journal will be accepted.

Those which approach Primary Care clinical cases or relevant themes for Family doctors/nurses will be prioritized.

The following structure must be followed:

Place/context (specify: Primary care, Emergency room, or both), Introduction (place/country, purpose, learning goals), Development (methods activities) and conclusion/discussion.

---

**The maximum number of authors will be of 3 for clinical cases and experiences, and 6 for investigation reports. The first author should always be a training family doctor/nurse, as well as the majority of the remaining authors. Nonetheless, 1 of the authors is allowed to be an attending physician. At least one of the authors should be registered at the meeting, paying the corresponding inscription fee.**

The abstract/Resume will have a **maximum of 250 words**.

**3 Key words must be included, using Medical Subjects Headings, listed at Index Medicus or at MeSH browser (in English or Spanish)**

*The words used in the title, name of the authors, key words and the place/context of the communication will not be considered for the counting.*

It is not allowed to mention the Hospital/Center where the study took place. Tables, figures and graphics are not allowed.

**Communications should be written in English or Spanish. The breach of any of these rules will be penalized with the non-acceptance of the communication.**

---

**PRIZES:**

Originality, and utility for Primary Care will be taken into account, apart from the objectivity and quality of the communication.

For the election of winners, both the scientific nature of the communication and the quality of the presentation will be assessed.
