CALL FOR FINANCE COMMITTEE

Role description

The Finance Committee has the responsibility to check the financial administration that is done by the Treasurer. They check the receipts, reimbursement forms, financial report of the previous year and proposed budget of the upcoming year for mistakes. Given our future plan to become an independent legal body and find new sources of income, it is important that the VdGM has a Finance Committee to help in the professionalisation of our organisation.

Committee composition and duration of term

The committee will consist of three members - the VdGM Treasurer and two other active VdGM members. Aside from the Treasurer, the committee is selected during Council Meeting. The members will serve for a 2 year term, however should they be available for only one year, their nomination would still be considered.

Time investment

Being a member of the Finance Committee is an important but not very time-consuming role. Once a year the Finance Committee will receive all the financial documents from the Treasurer to be checked. Based on the feedback the Treasurer will make adjustments, and will then present the financial report to the Council Members during the Council meeting.
