

The Vasco da Gama Movement Fund

for the VdGM Forum

Edinburgh 2022

BACKGROUND

The VdGM Fund is one of our oldest initiatives and certainly one of those we are constantly proud of. Since 2012 VdGM has financially supported dozens of young family physicians across the region and brought them closer to the international community of young general practitioners. The truly inspirational power and strength of VdGM is based on the diversity of its members. The Fund is committed to enabling VdGM events to become accessible for those who want to join them.

AIMS

Each member from each country is equally important but there is no equality without equity. VdGM Fund has been created in order to equalize opportunities of participating in VdGM events such as VdGM Forum, VdGM Preconference and WONCA Europe Conference.

We use the VdGM Fund especially to support those who have low income, as well as those who are new to VdGM. We are convinced that participation in the mentioned events can boost the motivation of being a great physician, an active member of VdGM and build a strong network of young family doctors across the continent. Our goal is to strengthen Primary Care in each country by reinforcing, inspiring and connecting its general practitioners, the VdGM Fund is one of the means to achieve it.
